# LSP

LAUNCH SERVICES PROGRAM

## EARTH'S BRIDGE TO SPACE

*Your established provider of a commercial launch experience  
and targeted services, LSP guides your team to mission success  
by procuring a unique and customized ride to space,  
allowing you to focus on what matters most...  
Your spacecraft, the science, your precious cargo!*

# CubeSat Launch Initiative

NASA's CubeSat Launch Initiative (CSLI) provides launch opportunities to a variety of U.S. CubeSat developers who build small satellite payloads that fly as auxiliary payloads on previously planned launches or commercial missions to low Earth orbit and deep space destinations as well as International Space Station deployments.
